## MANAGER OF AUTO ASSOCIATION HELD

George G. Garrett of Central States Automobile Association Accused on False Pretense Charge

### HAS SEVERAL MEMBERS HERE

Organizers Who Brought About Garrett's Arrest Wish to Make Good on Their Contracts

Organizers for the Central States Automobile association, which has several members in this city and county, recently filed affidavits in Columbus, O., according to word received here, which resulted in the arrest of George G. Garrett of Columbus, manager of the association, on two charges of obtaining money under false pretenses.

An organizer for the company was here a few days ago but found that automobile owners here were largely affiliated with the Hoosier State Automobile association, and left the city without accomplishing anything.

H. E. Tipton and Archie R. Elsea, both of Columbus, who are said to have organized Indiana and Ohio, filed the affidavits against Garrett, and the latter was being held under \$10,000 bond according to the latest word received here.

Tipton and Elsea, according to a story in the Columbus (O.) Dispatch, became suspicious when Garrett refused to publish an automobile guide which the organizers guaranteed each member. The claim that they organized the two states in good faith and they seek authority of the court to be released from their contracts with the alleged association in order that they may publish a guide and fulfill their contracts with people in the territories which they have organized.

Further details concerning the operations of the company were published in the Columbus Dispatch today:

"Coming to Columbus from Indianapolis last fall, Garrett is alleged to have begun arrangements for the formation of the Central States Automobile association, and to have hired Tipton and Elsea as managers for the states of Ohio and Kentucky, respectively. Tipton paid \$800 for Ohio state rights and Elsea paid \$1800 for Kentucky. The object of the association was to publish an automobile guide book and preliminary work was to collect \$7.50 in fees from garages in leading cities for representation in the book. Tipton

## COLDER WEATHER HEADED THIS WAY

Drop in Temperature Today Will Continue Over Night With Mercury at 15 Above Friday

### R. C. HARGROVE CONFIRMS IT

There was a decided change in the temperature today, which was vastly different from the weather of the last few days, and a further drop in the temperature was expected overnight, with the mercury dropping to fifteen degrees above zero by morning.

Fair weather was predicted by the weather man for tonight and Friday, however. The sun shone only occasionally today and this afternoon there were a few flurries of snow. The high wind made the weather very disagreeable.

R. C. Hargrove, who has a "system" of his own in figuring out the weather, today agreed with the government prognosticator. Some times he disagrees if his "system" does not indicate the weather prediction will come true.

Mr. Hargrove says that it is a safe wager that the temperature here will always be from ten to fifteen degrees above that at St. Paul, Minn., twenty-four hours later. For example, this morning at 7 a. m. the thermometer at St. Paul registered six above zero, which he says means that the temperature in the morning will be between fifteen and twenty above.

## GIBSON ROSS ENTERS RACE

Is Candidate For Republican Nomination For City Clerk

Gibson Ross today announced that he was a candidate for the republican nomination for city clerk, subject to the decision of the voters of the republican party at primary election May 3. Mr. Ross is the second candidate to seek this nomination, Earl Osborne, the present incumbent, having entered the race for renomination. The new candidate is a clerk at the People's meat market, corner of Seventh and Main streets.

Three candidates are already out for the republican nomination for mayor and it is rumored that others will enter the field soon. George Helm, city treasurer, has no opposition for renomination.

## IS TRANSFERRED TO RICHMOND, IND.

Dr. J. L. Craver, U. S. Federal Veterinarian on Hog Cholera Control, to Leave This City

### HERE THE PAST THREE YEARS

Dr. Craver Will Still Make Investigations Here But Says County is in Good Shape

Dr. J. L. Craver, U. S. federal veterinarian who has been located here for the past three years, on hog cholera control, has been recently transferred and in the future will direct operations from Richmond, Ind., extending the work into several counties farther north.

Dr. Craver will still make investigations here as usual when necessary but believes Rush county to be in good shape due to numerous educational campaigns carried on and to the fact that the veterinarians and stockman are not losing sight of the realization that 90 percent of hog losses are due to the filterable virus of hog cholera and not to other considerably exaggerated so called diseases such as "Swine Plague" and "Mixed Infection" which have been given considerable notoriety in all farm papers and journals, greatly overestimating the losses and advising some specific treatment other than hog cholera serum.

In all of those cases which show any indication of the filterable virus of hog cholera being present, he says the enlightened and conscientious veterinarian is depending on anti-hog cholera serum as the only true eliminating and protecting factor and is treating the other "so called" diseases with good advice as to sanitation and feeding, which in these cases is more essential than medicine, thereby dispensing with unnecessary and costly treatments and thus saving thousands of dollars annually for the live stock industry.

## BANK ROBBERS THWARTED

Mooreland Institution, Target For Yeggmen, Protected by Citizens

Muncie, Ind. Feb. 17.—The Mooreland bank, fourteen miles south of here, which has been the target of bank robberies for the past three years, was the scene of another hold up at 10:30 o'clock this morning. When the robbers opened the front door they were found by the citizens of the town.

The citizens opened fire with shot guns and the robbers made their escape in a large touring car. They returned the fire with revolvers. Many of the residents were injured and it is not known whether the robbers were hit or not.

### MISS BLANCH TANEY DIES

Word has been received here of the death of Miss Blanche Taney, aged 29 years, at the home of her mother, Mrs. Elizabeth Taney, of Greensburg, which occurred last night following a long illness of tuberculosis. The funeral services will be held Friday afternoon at two o'clock at the late residence. The deceased was well known here.

## BRANCHES CONFER ON FORDNEY BILL

Tariff Measure Passed by House Late Wednesday Now Goes to Senate and House Conferees

### PRES. WILSON WILL VETO IT

Bill is Passed in Upper Branch, 43 to 30 And Carries Numerous Amendments—Parties Split

Washington, Feb. 17.—Facing the admittedly difficult task of reaching an agreement on the senate amendments to the Fordney emergency tariff measure as passed by the house, senate and house conferees on the bill, passed by the senate late yesterday, got down to work today in an effort to complete the legislative enactment of the bill as quickly as possible.

Probability of a presidential veto, however, loomed large in the situation as a result of the recent declaration on the floor by Senator Underwood, minority leader, that he had received positive, though not direct, assurances that the President would take that course.

More than a score of amendments had been added to the bill as it left the house when the senate passed it by a vote of 43 to 30. Nine Democrats voting for it and four Republicans against it broke their party alignment on the measure. Two Republicans against it broke their party alignment on the measure. Two Republicans against it broke their party alignment on the measure.

Action in the senate on the bill, designed and rushed through the house as an aid to the farmer, came after a protracted session, during which four Republican senators broke away from their party alignment, and two of them, Edge, of New Jersey, and Moses, of New Hampshire, bitterly assailed the measure and its Republican supporters. Likewise, solidarity of the Democratic ranks could not be maintained, nine of the minority members being recorded in favor of the bill.

The broadside of Mr. Moses temporarily so unsettled the Republican program that three amendments offered by Senator Lodge, the majority leader, were killed. From the time the vote was called on the Lodge amendments, all of which had to do with protection for manufactured products of wool, the senate rode roughshod over all changes proposed. But it already had accepted so many changes from the form in which the measure came from the house that the most ardent supporters predicted trouble in getting an agreement with the house.

The speech by Senator Moses against the emergency bill was filled with a series of caustic shots at his Republican colleagues. He said every senator knew that the bill, if it should become a law, would avail nothing and he challenged denial by any senator that it was "unscientific" and designed to fool the farmer rather than aid him. The New Hampshire senator also assailed supporters of the bill for having offered no defense for its provisions, and said only two speeches had been made in favor of the bill in the fifty-six days it has been in the senate's possession.

## EXPRESS MEN SENTENCED

Seven Employees of Muncie Office Accused With Larceny

(By United Press)

Muncie, Ind., Feb. 17.—After pleading guilty to a larceny charge in the city court here, seven employees of the American Railway Express company of this city, were fined \$1 and costs, amounting to \$11 and given a jail sentence of thirty days each.

The men were charged with having taken goods from shipments that passed through Muncie station. They have been employees of the express company for several years and were classified as being trusted employees.

## LESS LIVE STOCK ON COUNTY FARMS

In Common With Remainder of the State, Horses, Mules, Sheep and Swine Show a Decrease

### COMPARISON WITH YEAR AGO

Number of Daily Cattle Same in Rush County Whereas State Shows Decrease of 1 Percent

In common with other counties of the state, Rush county had less live stock on farms, with the single exception of dairy cattle, on January 1, 1921 than a year ago.

There were five percent fewer horses and two percent less mules compared with January 1, 1920, whereas in the state both horses and mules decreased two percent, the estimated number of horses being 788,000 and mules 93,000; the numbers last year were estimated at 804,000 horses and 95,000 mules. The family driving horse has been almost entirely supplanted by the automobile, while trucks and tractors have to some extent displaced the work animals. A severe decline in the price of horses also influenced farmers to stop breeding their mares.

The average value of horses has dropped approximately \$11 per head during the year and the total value of all horses and colts in the state is estimated at \$69,408,000. The average value of mules has declined approximately \$18 per head during the year and the total value of mules and mule colts is estimated at \$9,882,000.

The decrease in the number of milk cows on farms Jan. 1, 1921, is only 1 percent compared with last year, which is the first time a decrease has been shown for many years. The total estimated number this year is 727,000, while last year it was 734,000. The average value is \$65 this year compared with \$88 last year or a decrease of \$23 per head. The total value of all milk cows is estimated to be \$47,255,000. In Rush county the number of dairy cattle remained the same.

Dairy cows were milked approximately 300 days during the year and averaged 8 quarts of milk per day for the period milked.

The percent of decrease on other cattle both in the state and Rush county was eight percent compared with the same date last year. This includes all cattle except cows kept for dairy purposes and the total number is estimated to be 710,000. Last year the number was estimated to be 772,000. This large decrease is due principally to the severe decline in prices, which amounts to \$21 per head for mature cattle, \$12 per head for yearlings and \$8 per head for calves. The total value of other cattle this year is estimated at \$30,930,000.

The number of sheep and lambs on farms Jan. 1, 1921, is 10 percent less than the same date last year, the total estimated number being 960,000 compared with 1,067,000 last year. The average value is a little more than 5 per head less than last year and the total estimated value is \$6,700,000. Lambs decreased in value \$3.40 per head; ewes decreased \$5.70; wethers decreased \$4.80 and rams decreased \$6.50.

The percent of decrease in the number of swine on Rush county farms during the past year, however, was much larger than that in the state. Whereas the swine in this county on January 1, 1921 was 87 percent of the total number reported a year previous, in the state the number decreased only eight percent.

The total number in the state the first of this year is estimated at 4,209,000 compared with 4,575,000 last year. Had a census of brood sows been taken a much greater decrease would have been shown for that class of swine. The average value this year was \$13 per head, while last year it was \$19, or a decrease of \$6 per head. On this basis the total estimated value of all swine is \$54,717,000.

### RECOVERING NICELY

Mrs. Claudia Hilligoss, living southwest of Rushville, who underwent an operation Tuesday at the Dr. Sexton hospital, was reported today to be recovering nicely.

## MILK FEEDING EXTENDED

First Three Grades at Havens School Now Included

At a recent meeting of the Woman's Council it was decided to extend the milk feeding to the third grade pupils at the Havens school, and the pupils in that grade were started this week with the milk feeding. The experiment began last spring at the Havens school with the first two grades and the Woman's Council hopes to extend the experiment in other grades as soon as the organization is financially able to do so. The milk feeding is given the pupils twice a day and individual bottles are supplied for each pupil, the milk being furnished from a herd of cattle in the county.

## MAIL ROBBERY MAY INVOLVE A MILLION

Three Suspects Are Held in Connection With Theft of Six Pouches at Toledo, Ohio.

### STOLEN AUTO IS RECOVERED

Suspects Taken Following Tip That Gang Was in House in Outskirts of The City

(By United Press)

Toledo, Ohio, Feb. 17.—Three suspects were held under arrest today in connection with the hunt for five automobile bandits who early today robbed four postoffice employees of six pouches of registered mail.

Postal authorities said they valued the mail at between \$300,000 and one million dollars. The suspects were taken following a tip that a gang was in a house on the outskirts of the city. No trace of the mail has been found.

Police have recovered a stolen automobile used by the bandits in holding up the employees of the post-office.

The sacks, four of them containing registered mail amounting in value to hundreds of thousands of dollars, were thrown into the stolen car after the bandits forced the postal employees to lie down on the floor. The mail had just arrived at the loading platform when the bandits drove alongside the truck. Two of them quickly covered the employees while the others obtained the loot. The bandits fled pursued by postal agents and police.

Postal employees admitted the loss might total nearly a half million dollars. Police say the loss in currency alone may be between \$300,000 and \$400,000.

Sheriff's posse, police squads and postal inspectors were scouring the country in search of the mail sacks and robbers.

The men held up were Charles Milroy, postoffice clerk; Paul Weirich and Joseph Hughes, railroad postoffice driver and clerk, respectively. Four minutes elapsed from the time the robbers drove up to the postoffice until they had seized the sacks and were on their way. The stolen mail was from eastern points and Cleveland.

## TO SOLVE THE JAP PROBLEM

Hammond Would Divert Immigrants to Siberia and Russia

(By United Press)

Washington, Feb. 17.—A scheme of diverting Japanese immigrants from the Pacific to northwestern Siberia and Russia, to end the Japanese immigration in the United States, was asked of the house foreign affairs committee by John Hays Hammond, today.

Hammond has been mentioned for secretary of commerce in the Harding cabinet. He is world famous engineer and authority of Russian affairs.

### WHOLESALE PRICES LOWER

Washington, Feb. 17.—The level of the wholesale price decline was on an average of 64 percent during January, the labor department announced today, making a decline of 35 percent since the peak of high prices in May.

## EFFORT TO SPEED TAX BILL BALKED

Unsuccessful Attempt in House To Suspend Rules And Pass Administration Measure

### TOO MUCH HASTE QUESTIONED

Senate Passes Bill Empowering Sheriffs to Appoint as Many Deputies as Needed

(By United Press)

Indianapolis, Ind., Feb. 17.—Unsuccessful efforts were made in the house of representatives today to suspend the rules in placing the administration tax bill on its passage.

The movement was started after the house had adopted without protest the amendment offered by Representative Barker of Boone county, empowering the state tax board to fix tax levies.

Representative Phillips presented immediate consideration of the bill by arguing that it would have such sweeping effects that the legislators were not sufficiently acquainted with its provisions.

"There is no guarantee that there is nothing in the bill to prevent us from coming back here in a special session to rectify a mistake," he said.

The only hopes to pass the tax bill to engrossment came from Representative Barker of Posey county, democratic floor leader, who moved that the clause giving the tax board appellate jurisdiction be stricken out. The motion was lost.

The question was also raised whether the bill would permit the tax board to make horizontal increases in property valuations, the charge which Barker denied.

By a vote of 49 to 9, the senate passed the administration budget bill, one of McCray's campaign pledges. The measure provides for the presenting of fiscal bills and the administration of the law falls to the chief examiner of state board of accounts, the position now held by Jesse Eschbach.

Senator Ratt's bill empowering county sheriffs to appoint as many deputies as they deem necessary in an emergency was passed by the senate, by a vote of 29 to 14. This measure had been the target of organized labor which considers it an effective weapon against strikers.

The house passed the Dean bill increasing the licenses for automobiles, trucks and trailers by a vote of 67 to 25. The bills are principally aimed at trucks and trailers, the

## MURDERERS OF TWO TEACHERS ARE SOUGHT

Bodies of Louise Wolfe and Mabel Foote Found on Road Near Cleveland, O., Today

### BEATEN WITH A FENCE RAIL

(By United Press)

Cleveland, Ohio, Feb. 17.—Cleveland detectives and a posse of farmers were searching the county for two men in connection with the slaying of Miss Louise Wolfe, 28, and Miss Mabel Foote, 24, school teachers.

The girls were beaten to death with a fence rail. Their bodies were discovered this morning by the school children on Bean road about three miles from Cleveland. They were teachers in the Parma Center high school and were seen alive last when they left the school building for their home shortly after five p. m. yesterday.

Miss Gladys Green who resides a short distance from the scene of the slaying, stated that she saw two bareheaded men walking rapidly along the Ridge road, which intersects the Bean road about three hundred feet from the fatal scene.

A wrist watch, belonging to Miss Foote, was found 150 feet from the body. It is not thought that robbery was the motive on account of several diamond rings being left untouched. The father of Miss Foote believes that tramps did the killing.

## HOG PRICES ARE 25 TO 50 CENTS LOWER TODAY

Decline in Indianapolis Market Today Results in Bulk Selling at \$9.00 to \$9.75

### GRAIN MARKET IS EASIER

Indianapolis hog prices went off 25 to 50 cents today, resulting in the bulk selling at \$9.00 to \$9.75. The top price was \$10.25. Heavy receipts continued, fresh arrivals today amounting to 14,000 hogs. Cattle market was steady and the grain market was easier.

John Sparks of North Arthur street, who has been ill for several days, remains about the same, and is reported to be in a serious condition.

## ARE OUT TO KILL ESCH-CUMMINS LAW

Attorney Generals Say it Places Complete Control of Rail Commerce in Hands of 11 Men

### ARE MEETING IN WASHINGTON

(By United Press)  
Washington, Feb. 17.—Attorney generals of New York and nineteen states met here today to have the Esch-Cummins transportation law declared unconstitutional by the United States Supreme court. The transportation law gives complete control of all railroad commerce, into the hands of eleven men of the interstate commerce commission, according to a statement issued by the attorney generals following their meeting. This in effect may mean throwing the control of American industry into the hands of eleven men. After the first step in the battle to kill the law, the attorneys decided to file a joint brief in the Wisconsin rate case, which involves a conflict between authorities of the interstate commerce commission and Wisconsin State utilities commission.

### TO OBSERVE SPECIAL DAY

The Women's Missionary societies of Rushville will observe the day of prayer for world-wide missions with a joint service at the Main Street Christian Church Friday morning from 9:30 to 10:30 o'clock. A short prayer and praise service will be held all the women of the city are invited.

**FOR SALE—Old newspapers.** At The Republican Office.

## JAP PAPER WANTS TO EXPEL MISSIONARIES

Hochi Suggests That May be Best to Exclude Missionaries From Japan Like U. S.

### ARE DISTURBERS OF PEACE

Tokyo, (By Mail to U. P.)—The attention which has been called to the burning of certain missionary schools in the Chientao district on the Korean border which were suspected of being used as headquarters for insurgent Korean bands, has once more brought the missionary question to the fore in Japan. The Hochi, a sensational sheet with considerable circulation, says it may be best to exclude missionaries from Japan, just as the United States excludes Japanese laborers from her shores.

"Christian missionaries are disturbers of the peace of the Orient," says the Hochi. "Not only do they instigate rebels in China and Korea, but they dare do so even in this country. Should we not follow the example of America and prohibit the entry into this country of missionaries."

Christianity is assailed from another angle by the Kokumin, which, as has several other papers, expresses the belief that this religion is becoming altogether too liberal.

### NO MATERIAL CHANGE

New York, Feb. 17.—There is no material change in his condition either for the better or for worse, Enrico Caruso's physicians announced at noon today.

### AUTO "KICKS": ARM BROKEN

Gladys Holt, a high school student, daughter of Mr. and Mrs. Robert Holt of East Second street, received a broken arm this afternoon when the automobile which she was cranking "kicked." The bone below the elbow was broken in the right arm.

### CHINA OBJECTS

Washington, Feb. 17.—"Strong remonstrances" have been made to China and Great Britain against the cancellation of contracts of the Federal Telegraph company, in American concerns, to allow a wireless station in Shanghai, it was announced at the state department today.

## URGES ADJUSTMENT BOARD BE ORGANIZED

B. M. Jewell, Labor Spokesman, Favors This Means to Settle Dispute With Railroads

### PART OF TRANSPORTATION ACT

(By United Press)  
Chicago, Ill., Feb. 17.—Immediate establishment of an adjustment board to settle the dispute between the railroads and employees, was urged before the United States railroad labor board today by B. M. Jewell, labor spokesman. Jewell demanded that the railroad executives and representatives of labor get together with the board to organize the adjustment board as provided in the transportation act.

This would be an application of collective bargaining and would expedite settlement of the railroad controversy.

Jewell charged W. W. Atterbury, the railroad representative, with retarding action by the railroad labor board by flooding it with minor cases.

## Itching PILES

PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application.

All druggists are authorized to refund the money if PAZO OINTMENT fails to cure any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days.

## WILL BE HARDING POLICY

New Administration Lays Plans For Foreign Relations

### (By United Press)

Washington, Feb. 17.—The foreign policy of the new administration will be distinctly a Harding policy as that of the present administration is a Wilson policy, senators back from conferences in Florida said today. The next president has made up his mind about the line he will pursue, the senators said, remarking also that his mental attitude on foreign policy is much different today than that when he was in Washington after his pan-American tour. Then he seemed not to have settled on anything definite, now he has, in the opinion of those who have been close to him.

## OLD STANDBY, FOR ACHES AND PAINS

Any man or woman who keeps Sloan's handy will tell you that same thing

**ESPECIALLY** those frequently attacked by rheumatic twinges. **BROWN & HEEB, Clerks**

## Read the Advertisements and Go to the Stores With Your Mind Made Up

Sit in your easy-chair and read the advertisements—leisurely. Find out what the merchants have to offer. Make up a list of the things you want to look at or buy.

This will save hours of standing around the stores, asking questions of the clerks — maybe getting what you want and maybe not.

The advertisements are a panorama of dealers' shelves passed before your eye, with the name of the

article and its price plainly stated.

If you're in a hurry, make up your order from the advertisements and have it delivered, or at least wrapped up so you can get it without waste of time.

That is easier than running your legs off trying to get this or that article of merchandise.

Even though you "love to shop," the advertisements will save you a great amount of time — and money.

**READ THE ADVERTISEMENTS REGULARLY**

Personal Points

—John A. Tittsworth transacted business this afternoon in Indianapolis.

—Herman C. Tempkins was among the business passengers today to Indianapolis.

—Mrs. Donald Bull and daughter Annabelle went to French Lick, Ind., Wednesday for an extended visit with Mrs. Bull's parents.

—E. R. Powell who has been spending the winter here with his mother, Mrs. James Powell, has left for his farm near Union City, Ohio.

—Mr. and Mrs. Charles A. Mauzy have returned from New York City where they attended the convention of the National Retail Dry Goods Dealers association and Mr. Mauzy visited the market.

INDUSTRIAL CRISIS OVER

No Apprehension For The Future in Federal Reserve Report

Washington, Feb. 17.—The industrial crisis has been passed and there is no apprehension as to the future, P. G. Harding, governor of the federal reserve board, said in the board's annual report today. It is generally recognized that the crisis has been passed and that the public is regaining a more normal state of mind, and looking to the future, a spirit of great confidence prevails, he stated.

The report also quoted wholesale prices to show that the cost of living is lower in the United States than in any other principal country.

MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

A lot "California" Syrup of Figs only look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

NO BITTER FIGHT ON  
PRIMARY MEASURES

Wrong Impression is Being Created by Indianapolis Newspapers in Regard to Matter

NO FACTIONAL QUARRELS

Indianapolis, Ind., Feb. 17.—Contrary to a great deal of newspaper comment in Indianapolis, there is no bitter fight here over the primary election bills and there is no apparent effort on the part of any leaders of the party to force the legislature to take any action. It seems that some newspapers are trying to create the impression among Republicans in Indiana that there are factional quarrels this year over the primary and that certain men are trying to use force to put through their own measures.

Investigation shows that the truth is just the contrary. At the beginning of the session Governor McCray recommended that the primary be made less expensive and less cumbersome. He interpreted the republican platform to mean that the party was pledged to simplify the primary. As far as Governor McCray and other well known leaders are concerned, there has been at no time an effort to repeal the entire primary system and to return to the old convention plan to make nominations.

Governor McCray has appointed several senators who are opposed to any change in the primary and several who believe in the plan he has suggested to confer. In the meantime it is well to bear in mind the source of the attack upon the republicans in the legislature and the state administration as far as the primary election measures are concerned.

MANAGER OF AUTO  
ASSOCIATION HELD

Continued from Page One

and Elsen have been organizing Ohio and Kentucky since Sept. 15 and a money taken in has been turned over to Garrett and a partner Harry P. Brunaugh, who has left for parts unknown, according to the affidavits.

"Returning to Columbus recently Elsen, who is on contract to organize Kentucky for the association, became suspicious when Garrett is said to have refused to publish the guide.

"When organizing his association here Garrett used the literature and stationery of the Hoosier Automobile club of Indianapolis. The stationery bore the name of some of the most responsible people in Indiana as members. Recent advices from Indiana state that Garrett has never had any connection with the Hoosier Automobile Club and warnings have recently been sent to several large cities in Ohio by the Hoosier Automobile club to that effect. It is understood that both Garrett and Brunaugh face prosecution in Indiana on charges of false pretenses.

"It is alleged that Brunaugh, who is reported to have left the United States for Bermuda, is the master mind and that he has worked his plan in almost every state in the Union. When last heard from he was organizing a club in Oklahoma. Every effort will be made to have him returned to face trial."

passenger cars coming in for small increases.

Without giving any explanation, Representative Willis of DeKalb county, chairman of the committee on legislative appropriations, asked and received the consent to withdraw the bill which would redistrict the state for legislative representatives.

There was to have been a caucus of the republican senators and representatives on this measure this afternoon. It is presumed a complete agreement would be sought for or against submitting the measure.

### The Council and Gates

It would be interesting to know the logic of city councilmen by which they arrived at the conclusion that the lives of people who cross the C. I. & W. railroad in this city would be better protected with the present arrangement than with gates at Main and Perkins streets, which would give protection against night passenger trains as well as those in the daytime.

It is stated that the council has dropped the matter and will not pass an ordinance requiring gates at Main and Perkins street, despite the public sentiment expressed in favor of better protection, especially at these two crossings, where four per-

sons have been killed in very recent months.

Laying aside the question of automatic bells at the remaining crossings, which is open to argument, it is difficult to imagine why the council should pass up the opportunity to get gates at the two dangerous crossings when the railroad stands ready and willing to install the gates at a cost of approximately \$11,000.

The railroad is saving nothing by such an arrangement because two men would be required to work in shifts and operate the gates and the gates would replace two men who are now employed as watchmen. The gates might not be any improvement over the flagmen during the day, but the point is that the greatest danger is at night when two fast passenger trains pass through Rushville.

Three persons were killed at the Perkins street crossing in October of last year by the nine o'clock west-bound train and there have been many narrow escapes from death at the Main and Perkins street crossings from this same train. But the council apparently casts all these facts aside and decides that the present arrangement is satisfactory. If the council is opposed to automatic bells, it might at least order gates at these two dangerous crossings and permit the watchmen to remain at the other crossings, but certainly no blame would attach to the city council or failing to provide every safeguard possible to protect human life.

Herbert Hoover says he can "see no reason why the United States should cancel the war debts of the allies when they are spending more for armament than it would take to pay the principal and interest." Hoover said a monthful, and we pass it along. That ten billion dollars the allies owe us would feed a good many hungry Americans in these days of unemployment. Just because we are a rich nation is no reason why we should sit complacently and watch other countries default in their obligations to us.

It is barely possible that within the next hundred years congress will do something to alleviate the deplorable veterans of the world war. The fact that the vets will all be dead then should be of some slight interest to our dear representatives in Washington. It won't cost so much. There is seldom any individual profit in being a humanitarian, and gratitude appears to be only money deep.

One of the first act of the new congress should be a revision of our immigration laws. With more than three million men out of employment in this country one begins to wonder how the hundreds of thousands pouring in from Europe are going to earn an honest living. There is nothing to be gained by turning America into an international poor farm.

It is a sad commentary upon patriotism when we see people who take an active interest in European affairs, and yet who cannot bring themselves to the point of going to the polls and voting in a home election.

Cheer up and stay cheered. Business conditions in this country are not of the best, but they are immeasurably better than those of any other country.

Some people are convinced that nobody ever reads the home paper until the editor begins to tell the truth about them, and then they are ready to fight.

One-half of the world doesn't know what the other half is doing. And, in most cases it is not anxious to advertise its own acts.

Every day brings forth new problems for us to face, but night usually comes before we can get around to it.

And incidentally, it is comforting to know that the balmy days of spring will be balmy.

## THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce

Indianapolis, Ind., Feb. 17.—Will the 5-cent levy proposed for the three big State Schools prove sufficient, say, in 1923, to meet the needs of these developing and necessarily expending institutions?

On tax valuations as those valuations now exist, it is understood the 5-cent levy will raise revenues measurably adequate. The trouble is that present tax valuations are subject to radical reductions in the next year or two. In the event the total of taxables is cut down, of course the total of revenues raised by the 5-cent levy will be proportionately lowered. In providing the levy it is necessary to figure not for this year, but for 1922 and 1923. The levy fixed this year does not operate until time to collect next year's taxes. What will the total of taxables be in 1922 and 1923? This is the question before the State when it makes a tax levy covering those years.

Tax valuations now in force,—the valuations upon which taxes are to be collected this year, were made, for example, on lands that were then producing \$3 wheat, \$2 corn, and \$20 pork, speaking in general terms of the real period of prices for farm products. Is it not natural to anticipate that in ensuing assessments for taxation the big slump in prices of farm values, with a tendency to bring down the total of taxables? Those products which were assessed for taxation at high values will have shrunk very definitely in the next year's assessments.

In passing the bill to provide the 5-cent levy for the State schools, Indiana University, Purdue University and the State Normal, Senator Duncan admitted that his estimate of the needs of those schools probably was law then considered from the standpoint of 1923, and the prospective revenues to be obtained that year under a 5-cent levy.

Those who have studied the situation declare that the outlook indicates that the 5-cent levy, in two years from now will not produce as much money for the State schools as the 3.8-cent levy now working. In other words, instead of taking a forward step, the bill as it goes to the Governor means a marking time period, or a slight recession rather than a gain.

It will be recalled that when the new tax law went into effect the State schools were dividing the product of a 7-cent levy. The State Tax Board, figuring on a basis of the new and enlarged tax valuations, fixed an arbitrary levy of 2.8 cents for the three State Schools in place of the 7-cent levy. Special legislation was found necessary and a cent was added in 1920. So the 5-cent levy bill adds only 1.2 cents on each \$100 of taxables to the revenues already being used. With val-

uations on the down grade it is plain that this addition is liable to be nullified when the assessors get through adjusting taxables to new and lower levels.

The advocates of a 7-cent special levy for the three State schools still contend they had the correct estimate of the actual situation as it will loom in 1922 and 1923. And, after all, the legislation is for those later years and not at all for 1921.

City planning in a definite and formal shape is called for in legislation now offered. Along with the bill to give Indiana cities a chance to vote whether or not they desire to adopt the commission or commission-manager form of local government, the city planning measure is one of the important matters in which many cities are taking a lively interest.

Under the bill a city could create a commission to serve without pay to plan for parks, community centers, parkways, public playgrounds and other features of modern urban life. It would be possible for such a commission to create zones in a city for residential use as against the improper encroachment of industries to the detriment or depreciation of purely residential property. It would be feasible, also, for a city planning committee to provide for expert advice and to suggest plans for the beautification of the city.

To give some meaning to the work of such a commission the bill would empower city councils to levy a special tax of from 3 to 8 mills on each \$100 of taxables, the money to be used in carrying out the projects of the city planners, those projects to be for the promotion of health, safety, comfort, convenience public morals and general well-being of the community.

There would be an appeal from the city planning commission on the zoning question, for example, to a zoning board, and from there to the courts. The Mayor could appoint the city planning commission. Five would be citizens and the other four would include a member of the city council named by that body; a member of the park board, president of the board of public works and the city engineers.

The Senate committee investigating the school book contract recently let by the State Board of Education now has the matter under advisement. Testimony at a public hearing disclosed a very pronounced difference of opinion as to the wisdom of letting the book contract. On one side it is argued prices are going down and that delay might have meant a saving. Others just as vigorously insist that bids today would not be lower than they were in December. The issue involves a large sum of money, and school patrons who must buy school books are concerned in a direct way.

### Sap and Salt

By BERT MOSES.

Good advice is the hardest kind to take.

When you buy, see to it that you get something.

A conservative is often a radical who has grown too fat to run.

When the right man appears, the proudest woman will take orders from him.

The difference between the big crook and the little is merely a matter of cleverness.

## TO TELL ROMANTIC STORY OF PILGRIMS

Miss Florence B. Hunt of Boston,  
Formerly of Carthage, Will Give  
Illustrated Lecture

### SCHOOL CHILDREN ARE GUESTS

The romantic and thrilling story  
of the Pilgrims will be told through  
pictures and lecture at the Graham  
Annex Friday afternoon at 2:15 o'-  
clock. The spirit, faith and loyalty  
of the Pilgrims teach lessons of in-  
estimable value to the world today.  
The story will show the scenes con-  
nected with the Pilgrims in England,  
Holland, Provincetown Harbor, Ply-  
mouth, together with many scenes of  
present day interest. There are al-  
most 100 beautifully colored lantern  
slides and these will be described by  
Miss Florence B. Hunt, of Boston.  
Miss Hunt has attended the many  
memorial meetings held in Massa-  
chusetts and has traversed the  
scenes described. Miss Hunt was  
formerly editor of the Carthage Re-  
cord, now the Carthage Citizen.

In order to defray the actual ex-  
penses in procuring this valuable en-  
tertainment and lecture, a small  
contribution has been asked of the  
pupils from the fourth grade up. A  
limited number of admissions are  
open to those particularly interested  
in the lecture. Persons wishing to  
attend are asked to send word to  
the school either through the class  
room teacher or to the office, and a  
seat will be reserved for them.

### ODD FELLOWS HOPE TO WIN

Believe They Have Good Chance at  
Greensburg Saturday

The Odd Fellows basketball team  
has great confidence in winning the  
sectional tourney at Greensburg this  
week, playing their first game to-  
morrow afternoon at five o'clock,  
with the final games on Saturday.  
The first game for the locals will be  
against Arlington, but it is un-  
derstood that Arlington will not appear,  
and the game will be forfeited to the  
locals, 2 to 0. The next game on  
the schedule will be at 11 o'clock  
Saturday morning which will be  
with Milan or Moscow, and this  
game will be the real test for Rush-  
ville, which if they survive, will put  
them in a good position to take the  
tourney. Winners of the sectional  
meets will attend a state meet in  
Indianapolis in March, in order to  
determine the state championship.

Let us do your roofing, experi-  
enced in all Paper Roofing. See us  
for figures. N. Wills, R. R. 1. 283118

## Wanted: A National Policeman

The farmer does not get enough money for the food he  
sells; but the consumer, who buys it, pays too much.

It is high time that Uncle Sam constituted himself  
a policeman to protect both producer and consumer.  
If he keeps the in-between boys from raiding the  
Public-Food melon patch, the producer will no longer  
have to put up with so small a return and, what is  
just as important, the public will not have to pay ex-  
orbitant prices for food.

The Farm Bureaus, expressing the  
minds of the organized farmers of  
America, are setting out to convince  
Uncle Sam that he must act. It is  
only by national mobilization that  
the farmers can hope to secure action  
on this and other questions whose  
solution vitally affects the future of  
our farming industry. The Farm  
Bureau Movement deserves the sup-  
port of each and every citizen.

THE COUNTRY GENTLEMAN, as  
the great national champion of pro-  
gressive methods, is thoroughly in  
accord with the aims of the Farm

Bureaus. Its vision is national: for  
in gathering the sound, helpful ma-  
terial which makes up its 52 big weekly  
issues its editors and contributors  
travel the country over in search of the  
latest news and the best opinion. Its  
editorial policy can therefore be ac-  
cepted as fairly voicing the thought  
of the American farmer.

You want and need this national  
mirror of farm progress. It costs  
only \$1.00 for a year. Many farm-  
ers say it's the best buy they ever  
made. Send a dollar bill your  
check today:

### TAKES AUDIENCE BY STORM

Paul Spivey in Greenfield Play Di-  
rected by Rushville Girl

A high school play, "Assisted by  
Sadie," which was given at the Why  
Not theater in Greenfield last night,  
was attended by several Rushville  
people, and Paul Spivey of this city,  
gave whistling solos between the  
third and fourth acts, which caused  
him to be called back four times, and  
took the audience by storm. Miss  
Mary Ann Scholl of this city, a  
teacher in the Greenfield school, di-  
rected the play, and it will be re-  
peated again tonight, with a capa-  
city house sold out. The proceeds  
will go to the athletic association of  
the school.

The play was highly commented  
upon by local people and Miss Scholl  
received much praise for her work.  
Those from here that attended last  
night were Dr. and Mrs. E. M.  
Sparks, Mr. and Mrs. I. H. Scholl,  
Miss Grace Whitsell and Miss Vi-  
vian Harris. Mr. Spivey will be on  
the program again tonight.

### LAND BRINGS \$250 AN ACRE

Michael Coyne has sold his 80 ac-  
re farm in Washington township to  
Mrs. Patrick Hayes. The consid-  
eration was said to be \$250 an acre.  
Mr. Coyne also has purchased a 60  
acre farm near Letts and the two  
parties will take possession on  
March 1.

### REMOVED TO HIS HOME

George Myers, who was recently  
operated upon at the Dr. Sexton  
hospital, has been removed to his  
home in Union Township.

## The De Laval puts money in the bank

MONEY in the bank is the final test of  
any piece of farm equipment. It is  
especially true of a cream separator.

Butter-fat is the most valuable product of  
the farm. Twice a day, every day in the  
year, gravity skimming or a poorly construct-  
ed separator wastes this high-priced food.

A De Laval Cream Separator stops this  
loss of profit. It supplies the extra money  
that is needed for current expenses, improve-  
ments about the farm, or for the purchase  
of new stock.

More than 2,500,000 De Laval are in  
daily use throughout the world. These  
De Laval owners represent the most progress-  
ive and most prosperous farmers in every  
country and locality.

A De Laval Cream Separator will make  
your farm more profitable, too, and put  
money in the bank for you.

You can buy a De Laval on such terms  
that it will actually pay for itself while  
you are using it. Come in and talk it over

Sooner or later you will buy a

# SOCIETY

The S. E. T. club will be entertained tomorrow afternoon at the home of Mrs. Helen Pierson in West Third street.

The Mattox Circle, No. 51, of the G. A. R. will meet tomorrow afternoon in the assembly room of the court house. All members are urged to be present.

Mahoning Council No. 36, will meet Friday evening in regular session. All members are requested to be present. Sandwiches and coffee will be served at this time.

The War Mothers met in regular session yesterday afternoon in the assembly room of the court house. The regular program was carried out and a short business session was held.

Miss Donnan's Study Class will meet Saturday afternoon at 2:30 o'clock at the home of Mrs. Jabez Winship, 510 North Morgan street, instead of at the home of Mrs. Lon Link, as previously announced.

Mrs. Jack Knecht was hostess for the members of the Thursday Afternoon Bridge club this afternoon at her home in East Sixth street. Immediately following the card games delicious luncheon was served.

A number of the employees of the I. and C. power house and car shops surprised Ira McNamara last evening with a pitch-in dinner at his home in North Harrison street. Mr. McNamara leaves soon for residence in the country, and several useful farm tools were presented to him. The evening was spent in cards and music.

Mr. and Mrs. Lowell Gartin and Mr. and Mrs. Raymond Gartin will entertain tonight, the members of the Cross Country Club and their husbands, together with a few guests, at their sugar camp north of the city. A chicken supper will be served.

The Psi Iota Xi sorority was delightfully entertained last evening at the home of Mrs. Floyd Kirklin in North Sexton street. An important business session was held, during which many important matters were discussed. During the social hour which followed the business session delicious refreshments were served.

Miss Ruby Barnes, daughter of Mr. and Mrs. Thomas Barnes, and Fred Myers, son of Mr. and Mrs. William Myers, were quietly married today at eleven o'clock at the St. Paul's M. E. parsonage by the Rev. C. S. Black. They were attended by Charles L. Moore. Mr. and Mrs. Myers will reside on R. P. Haven's farm south of the city.

Mrs. Verl Bebout and Mrs. Howard Ewbank, delightfully entertained the members of Irvin T. Schultz's Sunday School class last evening at the home of the former in North Perkins street. A large attendance was present for the party, including members of the class and invited guests. The diversions of the evening were games, contests and music. Dainty refreshments were served at the close of the informal social evening.

A large number attended the meeting of the Band of Workers of the First Presbyterian church yesterday afternoon, held in the parlors of the church. The ladies served a cafeteria

lunch to the public between the hours of 11 and 1 o'clock yesterday and realized approximately \$200 from the sale. At the afternoon meeting the apron money was also turned in and the club will realize from this about \$138. The regular program was carried out during the afternoon.

Thirty members, and ten visitors attended the all day meeting of the Industrial Club held at the home of Mrs. Laura Wolverton in North Main street today. At noon a delicious pitch-in dinner was served. In the afternoon Mrs. Will Morgan and Mrs. Lot Holman sang a beautiful vocal duet. They were accompanied on the piano by Miss Charlotte Holman. The remainder of the day was enjoyed in quilting. The next meeting will be held at the home of Mrs. J. C. Craig in East Eighth street.

The ladies of the Sexton C. W. B. M. with several visitors enjoyed a Valentine party yesterday afternoon given by Miss Dora Winkler and Mrs. Mae Winkler at the home of the latter in North Morgan street. The society is trying to make their aim for this year of \$360 requested each lady to bring pennies one-half their weight. In this way \$18 was made. A short program was rendered followed by a social hour during which contests and music were enjoyed. Valentine suggestions were carried out in the decorations of the house and also in the delicious refreshments served at the close of the meeting.

**SAVE THE BABIES. SAYS MRS. W. K. VANDERBILT**

New York, Feb. 17—Seventy thousand babies in this country and 5,000 in New York City died needlessly in 1920 before the expiration of the first month of their lives, said Mrs. William K. Vanderbilt, a member of the Advisory Council of the National Organization for Public Health Nursing, today. She continued:

"Public health nursing in 1919-1920 lowered the death rate of mothers at childbirth to 1.3 per thousand and as against a general rate of 5.1 announced by the Health Department. For 4,496 infants under one month receiving care under the supervision of the Maternity Center Association, the death rate was lowered to 19 per thousand as contrasted with a prevailing rate of 35 per thousand among those who had had prenatal care, while the rate in the city in general was 45.

In both classes the saving, due to prenatal and postnatal care, was 37 babies out of every thousand. With that same care in the country's 2,000,000 annual confinement cases the infant saving would have been 70,000 for the United States and 5,000 for New York City.

"Experience in both Boston and New York indicates that nursing service would save annually nearly 10,000 mothers who die in this country at childbirth a cause of death among women second only to tuberculosis."

**EIGHT PRETTY GIRLS WIN POINT WITH SMILES**

Indianapolis, Ind., Feb. 17.—The smiles of eight pretty girls routed the roller towel and the public drinking cup from the city hall here, thus accomplishing a task in which Dr. Herman G. Morgan, city sanitarian and other city officials have failed repeatedly.

Armed with their prettiest smiles and flanked by Dr. Morgan, the girls swooped down on Thomas Riley and Mark Miller, two members of the board of public works.

Dr. Morgan, as spokesman pleaded the case. Every advancement the board members made toward the advent of new towels and drinking cups was greeted with more smiles—and the girls won out.

Riley mentioned paper towels and the smile faded. He then made the concession the girls wanted and promised individual towels and paper drinking cups.

## FULL MEETING PROPOSED

Washington, Feb. 17.—The executive committee of the democratic national committee recessed this afternoon following presentation by Thomas Love, of Texas, of a petition for a meeting of the full national committee March 1. The petition was to be considered at another meeting later in the day.

## DAUGHERTY CONFERS WITH HARDING TODAY

Final Makeup of Cabinet Occupied First Place in Consultations at St. Augustine

## BACK FROM EASTERN TRIP

St. Augustine, Fla., Feb. 17.—A variety of problems that must be solved before inauguration day were gone over by President-elect Harding today with Harry M. Daugherty, of Ohio, who managed his campaign for the nomination last spring, and who is expected to sit in his cabinet as attorney-general.

The final makeup of the cabinet occupied first place in their consultations. Mr. Daugherty laying before Mr. Harding a budget of information and advice gathered on a two weeks' trip to New York, Washington and other eastern cities. The only cabinet posts not virtually assigned are secretaryships of navy, commerce and labor, each of which involves considerations that make a choice difficult.

It was understood that Mr. Daugherty also outlined to Mr. Harding what he thought should be the general principles of the inaugural address and the early policies of the new administration. Considerable data on these subjects, too, were gathered on his eastern trip.

Ex-Governor Lowden of Illinois has definitely declined to accept a cabinet post. President-elect Harding stated today. After repeated urging by Harding, Lowden insisted that because of personal affairs he would rather remain out of public service. This was interpreted to apply as well to the diplomatic service. "I am as sorry as he," Harding stated.

## 9 POUND BOY BORN

A nine pound baby boy was born this morning to the wife of Thomas Martin, living near Falmouth.

**"They WORK while you sleep"**

Do you feel bilious, constipated, head-achy, upset, full of cold? Take one or two Cascarets tonight for your liver and bowels. Wake up with head clear, stomach right, breath sweet and feeling fine. No griping, no inconvenience. Children love Cascarets too. 10, 25, 50 cents.

## IN SERIOUS CONDITION

Jabez Smith of West Third street, who has been seriously ill, was said to show little improvement today, and remains in a serious condition.

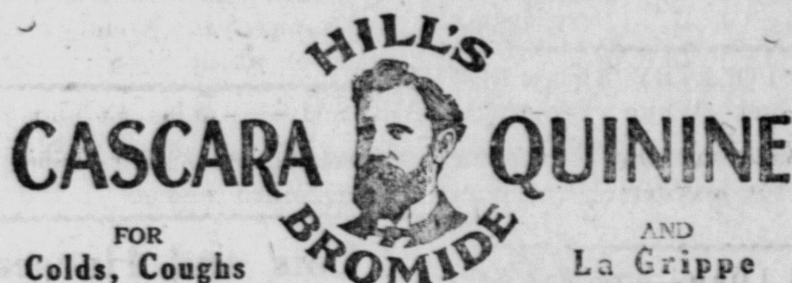

## TOO FAT?

Many reduce 10 to 50 lbs., or more. Obtain Karsin (pronounced Karsin) at any drug store; or write for free brochure to Karsin Co., 114-116 Station X, New York. Success assured by best method. No salts, no food, no starvation, no tedious exercising. Delightfully easy, rapid reduction! Improves health, eliminates cellulite. Lack weight! Karsin Co. YOUR LIFE! Demand this. 114-116 Station X, New York. Money-back guaranteed. Cost—FREE!

## New hair for You?

Hair has been grown again, after baldness, in many cases. This is now scientifically proved. Yours may be an amenable case; but you have not been using the proper relief. So do not delay in applying Kotalko. The producers are so confident they offer you satisfactory hair growth or your money-back. Get a small box of KOTALKO at any active drug store. Apply Kotalko each day—watch your mirror! Do a kindly act, show bald friends this advertisement.

Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opiate in Hill's.

**ALL DRUGGISTS SELL IT**

## ARE YOU SICK?

Then why don't you do as your neighbors and friends have advised? Chiropractic has grown by leaps and bounds during past few years, only because of the wonderful results chiropractors have obtained in cases just like, just as bad as, or even worse than your own. Don't think it can't be done. It is being done every day. Investigate. Go to your chiropractor's office. Talk to his patients. Find out what it is doing for them.

## CHIROPRACTIC

is reaching successfully thousands of cases every day that have been hopeless under other methods. Such conditions as affect stomach, liver, kidney, heart and other organs; pains and aches in various parts of the body, etc. True chiropractic can not reach every condition in every individual, but it is reaching so many, at least 90 per cent of all conditions, that if you want to get well it behooves you to see a competent chiropractor at once. A competent, well trained chiropractor will not take your case unless he feels certain he can obtain the desired results, because his future practice depends on satisfied patients. But if he tells you results can be obtained with his chiropractic adjustments, then don't procrastinate longer. Give him a chance and you, too, will soon be as big a chiropractic booster as your neighbor.

NO CHARGE — Consultation is Without Charge or Obligation.

Says His Prescription  
Has Powerful Influence  
Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. F. B. Johnson & Co. has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit. Amusements

DeMille's Latest Picture

William De Mille has handled a delicate theme in a skillful and delightful manner, in his latest production for Paramount, "Midsummer Madness", coming at the Princess theatre today and Friday.

Although the story is of a type entirely different from the producers two most recent pictures, "The Prince Chap" and "Conrad in Quest of His Youth" it bears the same artistic quality which has characterized all pictures produced under Mr. De Mille's direction.

The story which is based on Cosmo Hamilton's late novel, "His Friend and His Wife", introduces two young married couples who have been life-long friends. In one family the wife, not receiving the little attentions for which every young wife yearns, is hungry for romance, and in the other, the husband is surfeited by his wife's attentions, and begins to long for new conquests. The inevitable romance between the romantic wife and the over-loved husband develops when the other husband and wife both happen to be out of town at the same time, and affairs reach a critical point. The miscreants awaken to a full sense of the wrong they are doing to innocent people. After a highly emotional climax, all ends happily.

The cast is rich in screen talent and includes Jack Holt, Conrad Nagel, Lois Wilson, Lila Lee, Betty Francisco and Claire McDowell.

George Walsh at Mystic

"From Now On" the Fox picture which comes to the Mystic Theater Tomorrow has won golden opinions wherever it has been shown and added materially to George Walsh's reputation for rapid action and daredevil escapade. The story, by Frank L. Packard author of "The Miracle Man", is said to be compelling in the intensity of its interest, with a love theme threading its way with extraordinary dramatic incidents.

CENTER FARMERS TO MEET

The Center township farmers will hold their regular monthly meeting Tuesday night at the Center church, and a program is being arranged, which will include a spelling contest and refreshments. All members are urged to bring bowls, milk, pickles or celery enough for their own families, and oysters will be furnished by the association.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Clara A. Gartin, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 25th day of February, 1921, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 1st day of February, 1921.

LOREN MARTIN,

Clerk Rush Circuit Court.

Don't Burn Good  
Fuel in a Poor  
Stove.  
TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPISINCO.

Ask your druggist—he sells and recommends Pepsinco.

MASSAGE TREATMENT

Given in the home, also electric massages to those having electricity in the home. Inquire at the Glenwood P. O. Box 98 or phone 629. 28816

## TAX COMMISSIONERS BILL IS DISCUSSED

Rep. Barker Has Presented an Amendment Which Authorizes More Power in State Board

### INCLUDES LEVY FIXING

(By United Press)  
Indianapolis, Ind., Feb. 17.—The state house of representatives was to wrestle today with a proposal to vest more power in the state board of tax commissioners.

Representative Murray S. Barker, of Boone county, house pilot of the administration tax bill, presented an amendment to the measure last Monday which would authorize the tax board to fix levies with the approval of the governor and state auditor. Action on the amendment was deferred until today when it came under attack of house members. The original Barker bill would amend the present tax law so as to retain the tax board appellate jurisdiction over bond issues and tax levies.

Barker's amendment to the bill intended to apply especially to the levy now in effect for maintenance of the state highway commission would make it possible for the tax commissioners to fix levies for educational funds, the general fund, the highway fund and all other special funds. It was introduced under the impression that the recent special general assembly may have invalidated the highway levy, the power to do so would rest with the board.

The amendment to the bill was introduced when the measure came up for second reading. Because of the length of the amendment and the importance of it, members of the house desired that it be printed and consideration was put over until 10:30 o'clock today.

## WILLIS REPEAL BILL CAUSES A BIG STORM

Would Repeal 1909 Act in Which Trains Are Regulated by Having a Full Crew of Men

### LABOR OBJECTS TO REPEAL

(By United Press)  
Indianapolis, Ind., Feb. 17.—Like the Willis bill which would repeal the primary election and political convention law, the Anderson bill which would repeal "the full train crew" law is small but mighty. The bill is comprised of sixty words, but it has caused a storm in the legislature which many others more lengthy measures have failed to kick up.

Organized labor, especially the railroad unions, has descended upon the Anderson bill, which is still before the house of representatives. The law which it seeks to repeal requires railroads to have what is commonly termed the full train crew law.

The bill follows:

Section 1. Be it enacted by the General Assembly of the State of Indiana that an act entitled "An Act Concerning Railroads, Regulating the Operation of Trains, Providing for the Number of Employees on Same Prescribing Penalty and Repealing All Laws and Parts of Laws in Conflict therewith," approved February 26, 1909, be and the same is hereby repealed.

### Little Flat Rock

Mrs. O. J. Myers returned from Seireyville, Ind., Monday, where she had gone to attend a birthday dinner of her sister, Mrs. Wiltse Cooper Sunday. Link Guffin also accompanied her.

Relatives here received word of the death of Ed Kirkpatrick of Oklahoma City, which occurred Friday. Mr. Kirkpatrick was a nephew of Miss Eliza Holman.

The Rev. and Mrs. W. F. Schrontz and Mrs. Ida McKee of Orange attended the all day meeting at the church here Sunday. The all day meeting Sunday and the basket dinner at noon was an innovation here, the purpose of which is to develop better the community spirit. Another meeting of similar character will be given in four weeks, the second Sunday in March.

Miss Blanche Armstrong will entertain the members of the executive committee of the W. C. M. S. Wednesday afternoon.

Mrs. Carl Wilson who has been ill, is improving.

Mr. and Mrs. George Smith and son Lawrence who have been suffering with severe colds, are much improved.

The Mission Band will meet at eleven o'clock in the basement of the church Sunday morning. All the members are requested to be present as a special offering will be taken at this time.

Mr. and Mrs. Harry Miller and daughter Bernice of near Shelbyville spent the week-end with Mr. and Mrs. DeAlma Hartman.

Walter Norris went to Indianapolis on business Wednesday.

Arthur Wilkinson has been suffering from a severe cut on the right hand since last Friday. Dr. Paxton dressed the wound, it being necessary to take several stitches to close the cut. Mr. Wilkinson is getting along as well as could be expected.

MANAGER OF AUTO  
ASSOCIATION HELDGeorge G. Garrett of Central States  
Organization Accused on False  
Pretense Charge

HAS SEVERAL MEMBERS HERE

Organizers Who Brought About Gar-  
rett's Arrest Wish to Make  
Good on Their Contracts

Organizers for the Central States Automobile association, which has several members in this city and county, recently filed affidavits in Columbus, O., according to word received here, which resulted in the arrest of George G. Garrett of Columbus, manager of the association, on two charges of obtaining money under false pretenses.

An organizer for the company was here a few days ago but found that automobile owners here were largely affiliated with the Hoosier State Automobile association, and left the city without accomplishing anything.

H. E. Tipton and Archie R. Elsea, both of Columbus, who are said to have organized Indiana and Ohio, filed the affidavits against Garrett, and the latter was being held under \$10,000 bond according to the latest word received here.

Tipton and Elsea, according to a story in the Columbus (O.) Dispatch, became suspicious when Garrett refused to publish an automobile guide which the organizers guaranteed each member. The claim that they organized the two states in good faith and they seek authority of the court to be released from their contracts with the alleged association in order that they may publish a guide and fulfill their contracts with people in the territories which they have organized.

Further details concerning the operations of the company were published in the Columbus Dispatch today:

"Coming to Columbus from Indianapolis last fall, Garrett is alleged to have begun arrangements for the formation of the Central States Automobile association, and to have hired Tipton and Elsea as managers for the states of Ohio and Kentucky, respectively. Tipton paid \$800 for Ohio state rights and Elsea paid \$1800 for Kentucky. The object of the association was to publish an automobile guide book and preliminary work was to collect \$7.50 in fees from garages in leading cities for representation in the book. Tipton

COLDER WEATHER  
HEADED THIS WAYDrop in Temperature Today Will  
Continue Over Night With Mer-  
cury at 15 Above Friday

R. C. HARGROVE CONFIRMS IT

There was a decided change in the temperature today, which was vastly different from the weather of the last few days, and a further drop in the temperature was expected overnight, with the mercury dropping to fifteen degrees above zero by morning.

Fair weather was predicted by the weather man for tonight and Friday, however. The sun shone only occasionally today and this afternoon there were a few flurries of snow. The high wind made the weather very disagreeable.

R. C. Hargrove, who has a "system" of his own in figuring out the weather, today agreed with the government prognosticator. Some times he disagrees if his "system" does not indicate the weather prediction will come true.

Mr. Hargrove says that it is a safe wager that the temperature here will always be from ten to fifteen degrees above that at St. Paul, Minn., twenty-four hours later. For example, this morning at 7 a. m. the thermometer at St. Paul registered six above zero, which he says means that the temperature in the morning will be between fifteen and twenty above.

## GIBSON ROSS ENTERS RACE

Is Candidate For Republican Nomin-  
ation For City Clerk

Gibson Ross today announced that he was a candidate for the republican nomination for city clerk, subject to the decision of the voters of the republican party at primary election May 3. Mr. Ross is the second candidate to seek this nomination, Earl Osborne, the present incumbent, having entered the race for renomination. The new candidate is a clerk at the People's meat market, corner of Seventh and Main streets.

Three candidates are already out for the republican nomination for mayor and it is rumored that others will enter the field soon. George Helm, city treasurer, has no opposition for renomination.

IS TRANSFERRED  
TO RICHMOND, IND.Dr. J. L. Craver, U. S. Federal Vet-  
erinarian on Hog Cholera Con-  
trol, to Leave This City

HERE THE PAST THREE YEARS

Dr. Craver Will Still Make Investiga-  
tions Here But Says County is  
in Good Shape

Dr. J. L. Craver, U. S. federal veterinarian who has been located here for the past three years, on hog cholera control, has been recently transferred and in the future will direct operations from Richmond, Ind., extending the work into several counties farther north.

Dr. Craver will still make investigations here as usual when necessary but believes Rush county to be in good shape due to numerous educational campaigns carried on and to the fact that the veterinarians and stockman are not losing sight of the realization that 90 percent of hog losses are due to the filterable virus of hog cholera and not to other considerably exaggerated so called diseases such as "Swine Plague" and "Mixed Infection" which have been given considerable notoriety in all farm papers and journals, greatly overestimating the losses and advising some specific treatment other than hog cholera serum.

In all of those cases which show any indication of the filterable virus of hog cholera being present, he says the enlightened and conscientious veterinarian is depending on anti-hog cholera serum as the only true eliminating and protecting factor and is treating the other "so called diseases with good advice as to sanitation and feeding, which in these cases is more essential than medicine, thereby dispensing with unnecessary and costly treatments, and thus saving thousands of dollars annually for the live stock industry.

## BANK ROBBERS THWARTED

Mooreland Institution, Target For  
Yeggmen, Protected by Citizens

Muncie, Ind. Feb. 17.—The Mooreland bank, fourteen miles south of here, which has been the target of bank robberies for the past three years, was the scene of another hold up at 10:30 o'clock this morning. When the robbers opened the front door they were found by the citizens of the town.

The citizens opened fire with shot guns and the robbers made their escape in a large touring car. They returned the fire with revolvers. Many of the residents were injured and it is not known whether the robbers were hit or not.

## MISS BLANCH TANEY DIES

Word has been received here of the death of Miss Blanche Taney, aged 29 years, at the home of her mother, Mrs. Elizabeth Taney, of Greensburg, which occurred last night following a long illness of tuberculosis. The funeral services will be held Friday afternoon at two o'clock at the late residence. The deceased was well known here.

BRANCHES CONFER  
ON FORDNEY BILLTariff Measure Passed by House  
Late Wednesday Now Goes to  
Senate and House Conferees

PRES. WILSON WILL VETO IT.

Bill is Passed in Upper Branch, 43  
to 30 And Carries Numerous  
Amendments—Parties Split

Washington, Feb. 17.—Facing the admittedly difficult task of reaching an agreement on the senate amendments to the Fordney emergency tariff measure as passed by the house, senate and house conferees on the bill, passed by the senate late yesterday, got down to work today in an effort to complete the legislative enactment of the bill as quickly as possible.

Probability of a presidential veto, however, loomed large in the situation as a result of the recent declaration on the floor by Senator Underwood, minority leader, that he had received positive, though not direct, assurances that the President would take that course.

More than a score of amendments had been added to the bill as it left the house when the senate passed it by a vote of 43 to 30. Nine Democrats voting for it and four Republicans against it broke their party publican senators, Moses, of New Hampshire, and Edge, of New Jersey, took the floor against the bill, bitterly assailing it and its Republican supporters.

Action in the senate on the bill, designed and rushed through the house as an aid to the farmer, came after a protracted session, during which four Republican senators broke away from their party alignment, and two of them, Edge, of New Jersey, and Moses, of New Hampshire, bitterly assailed the measure and its Republican supporters. Likewise, solidarity of the Democratic ranks could not be maintained, nine of the minority members being recorded in favor of the bill.

The broadside of Mr. Moses temporarily so unsettled the Republican program that three amendments offered by Senator Lodge, the majority leader, were killed. From the time the vote was called on the Lodge amendments, all of which had to do with protection for manufactured products of wool, the senate rode roughshod over all changes proposed. But it already had accepted so many changes from the form in which the measure came from the house that the most ardent supporters predicted trouble in getting an agreement with the house.

The speech by Senator Moses against the emergency bill was filled with a series of caustic shots at his Republican colleagues. He said every senator knew that the bill, if it should become a law, would avail nothing and he challenged denial by any senator that it was "unscientific" and designed to fool the farmer rather than aid him. The New Hampshire senator also assailed supporters of the bill for having offered no defense for its provisions, and said only two speeches had been made in favor of the bill in the fifty-six days it has been in the senate's possession.

## EXPRESS MEN SENTENCED

Seven Employees of Muncie Office  
Accused With Larceny

(By United Press)

Muncie, Ind., Feb. 17.—After pleading guilty to a larceny charge in the city court here, seven employees of the American Railway Express company of this city, were fined \$1 and costs, amounting to \$11 and given a jail sentence of thirty days each.

The men were charged with having taken goods from shipments that passed through Muncie station. They have been employees of the express company for several years and were classified as being trusted employees.

LESS LIVE STOCK  
ON COUNTY FARMSIn Common With Remainder of The  
State, Horses, Mules, Sheep  
and Swine Show a Decrease

COMPARISON WITH YEAR AGO

Number of Daily Cattle Same in  
Rush County Whereas State  
Shows Decrease of 1 Percent

In common with other counties of the state, Rush county had less live stock on farms, with the single exception of dairy cattle, on January 1, 1921 than a year ago.

There were five percent fewer horses and two percent less mules compared with January 1, 1920, whereas in the state both horses and mules decreased two percent, the estimated number of horses being 788,000 and mules 93,000; the numbers last year were estimated at 804,000 horses and 95,000 mules. The family driving horse has been almost entirely supplanted by the automobile, while trucks and tractors have to some extent displaced the work animals. A severe decline in the price of horses also influenced farmers to stop breeding their pure.

The average value of horses has dropped approximately \$11 per head during the year and the total value of all horses and colts in the state is estimated at \$69,408,000. The average value of mules has declined approximately \$18 per head during the year and the total value of mules and mule colts is estimated at \$9,882,000.

The decrease in the number of milk cows on farms Jan. 1, 1921, is only 1 percent compared with last year, which is the first time a decrease has been shown for many years. The total estimated number this year is 727,000, while last year it was 734,000. The average value is \$65 this year compared with \$88 last year or a decrease of \$23 per head. The total value of all milk cows is estimated to be \$47,255,000. In Rush county the number of dairy cattle remained the same.

Dairy cows were milked approximately 300 days during the year and averaged 8 quarts of milk per day for the period milked.

The percent of decrease on other cattle both in the state and Rush county was eight percent compared with the same date last year. This includes all cattle except cows kept for dairy purposes and the total number is estimated to be 710,000. Last year the number was estimated to be 772,000. This large decrease is due principally to the severe decline in prices, which amounts to \$21 per head for mature cattle, \$12 per head for yearlings and \$8 per head for calves. The total value of other cattle this year is estimated at \$30,930,000.

The number of sheep and lambs on farms Jan. 1, 1921, is 10 percent less than the same date last year, the total estimated number being 960,000 compared with 1,067,000 last year. The average value is a little more than 5 per head less than last year and the total estimated value is \$6,700,000. Lambs decreased in value \$3.40 per head; ewes decreased \$5.70; wethers decreased \$4.80 and rams decreased \$6.50.

The percent of decrease in the number of swine on Rush county farms during the past year, however, was much larger than that in the state. Whereas the swine in this county on January 1, 1921 was 87 percent of the total number reported a year previous, in the state the number decreased only eight percent.

The total number in the state the first of this year is estimated at 4,209,000 compared with 4,575,000 last year. Had a census of brood sows been taken a much greater decrease would have been shown for that class of swine. The average value this year was \$13 per head, while last year it was \$19, or a decrease of \$6 per head. On this basis the total estimated value of all swine is \$54,717,000.

## RECOVERING NICELY

Mrs. Claud Hillgoss, living southwest of Rushville, who underwent an operation Tuesday at the Dr. Sexton hospital, was reported today to be recovering nicely.

## MILK FEEDING EXTENDED

First Three Grades at Havens School  
Now Included

At a recent meeting of the Woman's Council it was decided to extend the milk feeding to the third grade pupils at the Havens school, and the pupils in that grade were started this week with the milk feeding. The experiment began last spring at the Havens school with the first two grades and the Woman's Council hopes to extend the experiment in other grades as soon as the organization is financially able to do so.

The milk feeding is given the pupils twice a day and individual bottles are supplied for each pupil, the milk being furnished from a herd of cattle in the county.

MAIL ROBBERY MAY  
INVOLVE A MILLIONThree Suspects Are Held in Connection  
With Theft of Six Pouches  
at Toledo, Ohio.

STOLEN AUTO IS RECOVERED

Suspects Taken Following Tip That  
Gang Was in House in Out-  
skirts of The City

(By United Press)

Toledo, Ohio, Feb. 17.—Three suspects were held under arrest today in connection with the hunt for five automobile bandits who early today robbed four postoffice employees of six pouches of registered mail.

Postal authorities said they valued the mail at between \$300,000 and one million dollars. The suspects were taken following a tip that a gang was in a house on the outskirts of the city. No trace of the mail has been found.

Police have recovered a stolen automobile used by the bandits in holding up the employees of the postoffice.

The sacks, four of them containing registered mail amounting in value to hundreds of thousands of dollars, were thrown into the stolen car after the bandits forced the postal employees to lie down on the floor. The mail had just arrived at the loading platform when the bandits drove alongside the truck. Two of them quickly covered the employees while the others obtained the loot. The bandits fled pursued by postal agents and police.

Postal employees admitted the loss might total nearly a half million dollars. Police say the loss in currency alone may be between \$300,000 and \$400,000.

Sheriff's posse, police squads and postal inspectors were scouring the country in search of the mail sacks and robbers.

The men held up were Charles Milroy, postoffice clerk; Paul Weirich and Joseph Hughes, railroad postoffice driver and clerk, respectively. Four minutes elapsed from the time the robbers drove up to the postoffice until they had seized the sacks and were on their way. The stolen mail was from eastern points and Cleveland.

## TO SOLVE THE JAP PROBLEM

Hammond Would Divert Immigrants  
to Siberia and Russia

(By United Press)

Washington, Feb. 17.—A scheme of diverting Japanese immigrants from the Pacific to northwestern Siberia and Russia, to end the Japanese immigration in the United States, was asked of the house foreign affairs committee by John Hays Hammond, today.

Hammond has been mentioned for secretary of commerce in the Harding cabinet. He is world famous engineer and authority of Russian affairs.

## WHOLESALE PRICES LOWER

Washington, Feb. 17.—The level of the wholesale price decline was on an average of 61 percent during January, the labor department announced today, making a decline of 35 percent since the peak of high prices in May.

EFFORT TO SPEED  
TAX BILL BALKEDUnsuccessful Attempt in House To  
Suspend Rules And Pass Admin-  
istration Measure

TOO MUCH HASTE QUESTIONED

Senate Passes Bill Empowering  
Sheriffs to Appoint as Many De-  
puties as Needed

(By United Press)

Indianapolis, Ind., Feb. 17.—Unsuccessful efforts were made in the house of representatives today to suspend the rules in placing the administration tax bill on its passage.

The movement was started after the house had adopted without protest the amendment offered by Representative Barker of Boone county, empowering the state tax board to fix tax levies.

Representative Phillips presented immediate consideration of the bill by arguing that it would have such sweeping effects that the legislators were not sufficiently acquainted with its provisions.

"There is no guarantee that there is nothing in the bill to prevent us from coming back here in a special session to rectify a mistake," he said.

The only hopes to pass the tax bill to engrossment came from Representative Barker of Posey county, democratic floor leader, who moved that the clause giving the tax board appellate jurisdiction be stricken out. The motion was lost. The question was also raised whether the bill would permit the tax board to make horizontal increases in property valuations, the charge which Barker denied.

By a vote of 49 to 9, the senate passed the administration budget bill, one of McCray's campaign pledges. The measure provides for the presenting of fiscal bills and the administration of the law falls to the chief examiner of state board of accounts, the position now held by Jesse Eschbach.

Senator Ratt's bill empowering county sheriffs to appoint as many deputies as they deem necessary in an emergency was passed by the senate, by a vote of 29 to 14. This measure had been the target of organized labor which considers it an effective weapon against strikers.

The house passed the Dean bill increasing the licenses for automobiles, trucks and trailers by a vote of 67 to 25. The bills is principally aimed at trucks and trailers, the

MURDERERS OF TWO  
TEACHERS ARE SOUGHTBodies of Louise Wolfe and Mabel  
Foote Found on Road Near  
Cleveland, O., Today

BEATEN WITH A FENCE RAIL

(By United Press)

Cleveland, Ohio, Feb. 17.—Cleveland detectives and a posse of farmers were searching the county for two men in connection with the slaying of Miss Louise Wolfe, 28, and Miss Mabel Foote, 24, school teachers.

The girls were beaten to death with a fence rail. Their bodies were discovered this morning by the school children on Bean road about three miles from Cleveland. They were teachers in the Parma Center high school and were seen alive last when they left the school building for their home shortly after five p. m. yesterday.

Miss Gladys Green who resides a short distance from the scene of the slaying, stated that she saw two bareheaded men walking rapidly along the Ridge road, which intersects the Bean road about three hundred feet from the fatal scene.

A wrist watch, belonging to Miss Foote, was found 150 feet from the body. It is not thought that robbery was the motive on account of several diamond rings being left untouched. The father of Miss Foote believes that tramps did the killing.
